about bobike

bicycle safety seats

*Are you ready
to start exploring?*

Bobike has a fast collection of products to support your adventures safely in style and to introduce your children to a happy and healthy lifestyle in a fun and playful manner.

Bobike has been developing, designing, and producing safety seats since 1978.

Bobike's bicycle safety seats are designed in the Netherlands, produced in Europe, and can be recognized by their stylish, modern look. Bobike's safety seats have won several awards, including an iF Design Award.

Unmistakably Bobike

And when you use a product that often, we believe it should look damn good.

That's why the Bobike collection is continuously updated. Our designers have a passion for fashion and interior design. They closely follow trends to make sure our safety seats perfectly match the bikes currently in the market. This shows in the colors we use and in the details you find in our safety seats which make them unmistakably Bobike.

We care about the future

reducing our ecological footprint

Taking the “right” steps

In all production processes, the waste of materials is inevitable, so it's our role to manage them more sustainably, transforming internal waste into new materials through recycling, helping to preserve and protect the planet earth.

2020 - Bobike less environment impact

At Bobike we care about the environment, so we are working to reduce, reuse, and recycling our waste, always maintaining our commitment to quality, innovation, technology, and above all, with people.

We all have a huge role in an increasingly sustainable life. Year after year, we focus on reducing our ecological footprint. We are also investing in solar panels, with the expectation of being more efficient and further reducing energy consumption.

Green materials

We are also developing new concepts to be a model for future products, such as using even more bio-based materials like sugarcane.

The new Bobike Sleep Roll is made of a renewable bio-based material. Made with 50% sugarcane it is a more sustainable and environmentally friendly option. Sugarcane is the main source of sugar in the world and is also important in the

production of renewable energy and bio-based materials. It captures and fixes CO₂ from the atmosphere at each annual growth cycle. Sugarcane cultivation is naturally irrigated by the rains in the producing regions and measures are implemented to ensure that its cultivation does not threaten the main areas of biodiversity.

sugarcane
a renewable resource

Bobike one eco

Currently, some non-structural products contain already 100% recyclable material.

But with the goal to make all the range more sustainable we've redefined our production processes to make the One® the first sustainable seat in the range.

The One® Eco version incorporates in the shell 30% of recycled material (ration in accordance to keep the same current product test performance!), and all our One® seats are using 100% of recycled materials in some non-structural components – like back covers.

Green packaging

We are renewing the entire brand packaging, making it even more sustainable and efficient by not using disposable materials (adhesive tape, plastic bags, cardboard...). We've started in the One® by removing an average of 250g disposable items per seat.

Seems like nothing, but if you do the math, in 1000 seats we saved 250kg of disposable materials.

Bobike packaging is 100% recyclable and reusable, so we are encouraging our customers to give Bobike packaging a second life. Bobike is using certified paper of sustainable origin (FSC®) and reducing printable areas by using less ink.

Step by step we are making efforts to transform bobike into a 100% sustainable brand.

And this is only what you can see, since we are proceeding with major changes at the development, production and in our own facilities to become more sustainable.

30%

recycled material

we take safety seriously

bicycle safety seats

*At Bobike,
we live and
breathe safety.*

It might not be the coolest thing to do, but you'll appreciate us for it. Quality control, performance analysis, and safety tests are the most important parts of product development.

Of course, we comply with all legal requirements and meet the highest industry standards, but we don't stop there.

We have built our own modern quality control center with all the technology required to ensure that our products comply with the standards imposed by regulatory bodies.

**But when we test, we
double the standard.
It's how we roll.**

Although Bobike offers several different models of safety seats, our focus when designing a seat is always the safety of the child that will be transported in the seat.

**Which is why every single Bobike
model features a double-walled
construction.**

**A double-walled
construction consists of
two sturdy walls.**

The inner-wall that is in contact with the child's back, is slightly softer to ensure a comfortable ride. The outer-wall is more sturdy and rigid and is designed in order to create a void between the two walls and therefore the child.

If the seat gets impacted, it won't touch the child.

We often talk about double-walled safety, a feature that is unique to Bobike, and hopefully, now you understand what we mean. But if you care as much about your child's safety as we do, you only need to remember one thing; Bobike.

For more information on double-walled safety, visit:

<https://Bobike.com/en/page/we-take-safety-serious>

Go® mini spare parts

to replace a lost or damaged part of your Bobike Go® mini seat

A-headset Adapter - accessory

With this adapter, you can easily mount a Bobike safety seat on a bike with an A-headset. An adjustable stem remains usable, and the display or controller of an electric bike can also stay in place. The required installation space is only 4mm.

Ref. 80I5300I39

Mini Combination Lock - accessory

Extra security and protection for your Bobike front seat or windscreen. The combination lock is easy to install (see website for video guide) and fits through the hole in the steel leg under the mounting block.

Ref. 80I5300205

Universal Bracket

This mounting bracket is already included when you purchase a Bobike mini seat. If you want an additional bracket or need a replacement, this is the spare part you need. This bracket fits standard steering tubes Ø 22 to 32 mm and MTB bikes steering tubes: 1-1/8". Meets ENI4344 safety standard. The measurements of the universal bracket are: 10 x 8 x 3,5 cm or 3,94 x 3,15 x 1,38" (W x D x H).

Ref. 80I5300043

Footrests

Replacement footrests for the Bobike Go® mini.
Sold per set, including straps.

Ref. 80I5300I46

Steel Windscreen Bar

Replacement windscreen attachment bar for your Bobike Go® mini + windscreen. The bar fits in the same assembly block that is used to mount the seat as well as in the A-headset adapter. Improved for better stability.

Go[®] maxi

Go[®] maxi

rear bicycle safety seat for carrier or frame mount

The carrier mounting system is completely integrated into the seat. It is supplied fully assembled and can be used straight out of the box. The seat can be moved back and forth to be adjusted according to any carrier and child size. Carrier mounting system compatible with carriers, in accordance with ISO 11243.

The frame mounting system features a safety holder with green indicators, providing a visual sign when the seat is properly installed. The seat system allows moving the seat backward and forward in 3 positions, according to child and bicycle size. Fits round tubes and was designed to accommodate the brake cable, preventing it from being pinched. Fits bicycles with and without carriers.

one[®]

Bobike one[®] 2022 novelties

one[®] eco

The best compromise between sustainability and safety.

The entire bobike one[®] range is greener.

Without compromising safety and keeping the same standards, all Bobike One[®] colored back covers are now made from 100% recycled material and are 100% recyclable.

But with the goal of turning the One[®] even more sustainable we've launched the bobike One[®] eco model which incorporates 30% of recycled material in the exterior shell, creating a unique seat.

Besides that, we've changed all the One[®] packaging making it more efficient by reducing disposable items and ink.

The packaging is also now produced with FSC[®] materials. The full production process was also revised to make it more ecological and therefore reduce the CO₂ emissions during the One[®] production.

Component by component, step by step we are moving towards a more sustainable future.

one[®] mighty mustard

A bee friendly color

For each seat sold in the mighty mustard color, we give a percentage for Worldwide Bee Saving ONG. That's just another way to preserve the environment and reduce our ecological footprint.

one[®] eco

one[®] eco

one® eco

front and rear bicycle safety seat

Bobike One® eco, the best compromise between your child's safety and the protection of the environment. Through recycling technology, we are able to transform bicycle seats that are rejected in the production process into new recycled material and incorporate it into the production of new seats. The back covers are currently produced with 100% recycled material, and are 100% recyclable. The bobike One® eco also has the particularity that the front shell is produced with 30% recycled material, which gives it that unique marbled look and no two eco seats are the same. The best compromise achieved between sustainability and safety. Safety first.

Our commitment to Planet Earth is to combine sustainability with technology to increase the amount of recycled material, always ensuring safety.

one® plus helmets

safety helmets xs & s

Let's brighten up the streets. Our Bobike one safety seats are available in nine colors and we have helmets to match each and every one of them. The colorful matte helmets feature an in-mold construction and an expanded protective area to increase safety. The adjustable dial retention system ensures a perfect fit. The chin straps are soft with chin pad and lock in a 3-point safety harness. Two rear reflective stickers increase visibility when it gets dark out. A bug net will keep your child safe from flying insects and 10 cooling vents keep your child's head cool. Standards EU regulation 2016/425 EN1078.

exclusive plus

the bobike international bestseller just got better

Last year we have given the Exclusive line a make-over so that this international bestseller complies even better with the wishes and requirements of its fans by becoming even more user-friendly.

So no more excuses, start exploring!

Life is outside. Being outside lifts your spirits and is healthy for body and mind. There is a world for you to explore.

*Why not start
today?*

The Bobike Exclusive Plus is the perfect safety seat for families that love being outdoors and like to go on longer rides or even on cycling holidays with their children. It is our most protective seat, which makes it perfect to start exploring the world.

exclusive mini plus spare parts

to replace a lost or damaged part of your Bobike exclusive mini plus seat

Cushion + Pin

Replacement cushion for the Exclusive mini plus. Easy to clean, waterproof, and available in colors to match your seat.

The cushion is only fastened onto the back of the seat. The other hole is meant for drainage and should remain open.

Ref. Cushion 80I530024I (urban black/urban grey) | 80I5300242 (safari chic) | 80I5300243 (cinnamon brown) | 80I5300244 (denim deluxe) | 80I5300220 (toffee brown)

Ref. Pin 80I5300I14

Shoulder Pads

The Exclusive mini plus features a new safety belt with comfortable shoulder pads. These shoulder pads are made out of the same high quality, waterproof material as the cushion and come in a color to match the seat. The velcro closure makes them easy to adjust and replace.

Ref. 80I5300253 (urban black/urban grey) | 80I5300254 (safari chic) | 80I5300255 (cinnamon brown) | 80I5300256 (denim deluxe) | 80I5300257 (toffee brown)

Footrests + Footrests Straps

Replacement footrests for the Exclusive mini plus. Only available in black.

Ref. Footrests 80I5300I17

Ref. Straps 80I5300I37

Mini Combination Lock - accessory

Extra security and protection for your Bobike front seat. The combination lock is easy to install (see website for video guide) and fits through the hole in the steel leg under the mounting block.

Ref. 80I5300205

A-headset Adapter - accessory

With this bracket, you can easily mount a Bobike safety seat on a bike with an A-headset. An adjustable stem remains usable, and the display or controller of an electric bike can also stay in place. The required installation space is only 4mm.

Ref. 80I5300I39

Universal Bracket

This mounting bracket is already included when you purchase a Bobike mini seat. If you want an additional bracket or need a replacement, this is the spare part you need. This bracket fits standard steering tubes Ø 22 to 32 mm and MTB bikes steering tubes: 1-1/8". Meets ENI4344 safety standard.

The measurements of the universal bracket are: 10 x 8 x 3,5 cm or 3,94 x 3,15 x 1,38" (W x D x H).

rear bicycle safety seat for frame and carrier mount

Bobike EASY mounting system ensures super quick installation and makes it a breeze to place the seat on a second bicycle. The seat can be moved back and forward according to any carrier and child size.

Carrier mounting system compatible with carriers, in accordance with ISO 11243.

The new frame mounting system eliminates the step of having to mount the Easy mount to the frame bar because the mounting system is already integrated in the frame bar. This makes the seat lighter and easier to mount.

It fits on round seat tubes and is specifically designed to accommodate the brake cable and avoid it being pinched. This system fits on bikes with or without a carrier.

Classic Junior Plus

Bobike Classic Junior Plus restyling

**Every brand needs
a good Classic.**

*Ours just get
even better!*

Our Classic Junior Plus has been the go-to junior seat for many years now. No frills, just a sleek, functional design. It offers support for children that are old enough to sit independently on the back of your bike but cannot quite cover longer distances by themselves. The Junior Plus features now a new more user-friendly mounting system and improved feet and wheel protectors. Its foldable design is a plus when you need to carry extra luggage.

Every brand needs a good Classic

Classic Junior Plus

Classic junior Plus

rear bicycle safety seat for frame mount

The Classic Junior Plus, the go-to junior seat for many years now, is now improved and features a new frame mounting system, new feet, and wheel protection, and a brown color has been added to the collection.

The new system is compatible with a wider range of bicycles and is easier to mount.

The Classic Junior Plus offers support for children from 6 to 10 years old, up to 35kg, and that are old enough to sit independently on the back of your bike but cannot quite cover longer distances by themselves. The lap belt keeps them from standing up. The seat includes a convenient bag bracket and when not in use, the seat folds down and can be used as a multifunctional carrier.

Note: if your bicycle has a luggage carrier, it's only possible to mount a Bobike Classic Junior Plus if the luggage carrier has a maximum width of 160 mm, due to the footrests' width.

Bobike Sleep Roll

handlebar with Support Roll

The Bobike Sleep Roll is produced using 50% sugarcane - a renewable bio-based material, making this accessory more sustainable and environmentally friendly.

The Sleep Roll features a soft-touch, ideal for your baby to rest his head and is easy to clean. Available in two pearlescent colors that match all safety seat colors as well as the current bicycle trends. A musthave for families that go on longer rides or have small children.

In the Exclusive range, it will fit directly in the Exclusive mini handlebar, for the Go® and the One® Mini, it comes with a special support handlebar that will fit the seat and the mini holder.

product dimensions
109 x 264 x 100mm / 4.29 x 10.39 x 3.94 "
with support bar:
270 x 264 x 100 mm / 10.63 x 10.39 x 3.94 "

Bobike Poncho

Multifunctional thermal child and seat cover to keep your baby warm and dry

by **TUCANO**URBANO

The weather should never be a reason for you not to use your bike. In order to make your daily commute as comfortable possible, no matter the weather, we partnered up with Tucano Urbano to create the softest, warmest winter cover.

The poncho has a thermal fleece lining, is completely wind- and waterproof and has a stowaway hood for your child that offers plenty of space to wear over a helmet. Reflective details ensure that you and your child are extra visible in the darker days of the year.

When the child is not in the seat you can easily adjust the poncho so it functions as a rain cover for the seat.

product dimensions
mini: 102 x 75 mm / 4.01 x 2.95 "
maxi: 105 x 90 mm / 4.13 x 3.54 "

product weight
mini: 550 g / 1.21 lb
maxi: 850 g / 1.87 lb

safety

Reflective bands for increased road visibility.
Rain hood is compatible with helmet usage.
In compliance with REACH regulations.
Compatible with Bobike Combination Lock.

comfort

Waterproof and windproof outer layer
Sealed zipper to storage the hood cap/rain cover.
Adjustable hood cap.
The rain cape for the child (stowed in the front pocket) becomes a rain cover for the bike seat.
3 positions for protecting the child - chest, neck, head.
The Maxi version contains spread springs in the back and in the legs area preventing the rain to wet the Poncho and the kid.
Easy to install and to remove - quick handling: one simple movement to open and close without the need to disassemble the seat.
Easy to clean just with soap and water.

other features

Interior material: 100% polyester.
Outer material: 100% polyamide.
Waterproofing: 5000mm water.

transport & mobility

other ways to move with bobike

bobike trailer

2 in 1

The all-new Bobike trailer is a lightweight 2-in-1 trailer and stroller that is specifically designed for families with an active lifestyle.

With the Bobike bicycle trailer you get the most out of your active lifestyle. You can share it with your children, no matter the season or your destination.

Bobike balance bike

training bicycles for toddlers

bobike trailer

for 1 or 2 kids, or cargo

for biking

With the Bobike bicycle trailer, you can get the most out of your active lifestyle.

No matter the season or the destination your daily commuting has been made easier with this lightweight and easy-to-use trailer. You can easily couple the trailer to your bicycle and tackle with 1 or 2 kids plus a small cargo on the back trunk (max. 44kg). If you are riding and need extra space to transport additional cargo (max. 25kg), you can easily fold the kids' seat and get a bigger area for cargo transport.

for strolling

The Bobike Trailer comes with all the necessary accessories to easily transform your trailer into a stroller.

The stroller features a soft-touch handlebar adjustable in 4 positions, making your tour even more pleasant. In the inside you will find a wide cockpit with extra pockets for small items, along with a protective foot mat and a comfortable seat and 5-point retention system for 1 or two kids.

Keep moving.

The world is waiting for you.

bobike trailer

Bobike Trailer

multifunctional bicycle trailer & stroller for 1 or 2 kids

The Bobike Trailer is a multifunctional bicycle trailer that can be used as a bicycle trailer or a stroller. To use it as a trailer just connect it to the bicycle wheel with the provided mounting system.

Bobike Trailer can comfortably carry one or two children inside.

The head protection, the net, the soft cushion, and 5-point safety harness system will keep children comfortable and safe during the ride.

Easily go for a walk with your children in the Stroller mode. You just need to retract the front metallic bar, adjust the handlebar, and install the front wheel. In just a few seconds, without needing any tools you're ready to go. It can also be used as cargo transport to carry your sports equipment or shopping bags.

helmets

kids plus helmets

safety helmets xs & s

With an in-mold construction, this model features increased back safety protection. Reflective safety decals increase the child's visibility on the road. The helmet is available in 6 different graphic designs which will match your children imagination and size. With 11 vents to keep your baby cool, the helmets also have an integrated bug net that protects your baby from flying insects. The slim DIAL system and the thermoformed inner paddings, and chin pad will increase fit and comfort. The soft colors and cute designs will make the little baby's look even cuter. Extra set of paddings included. Meets Standards EU regulation 2016/425 EN1078.
