# LIGHT PRO

THE BEST CHOICE FOR VENTILATION AND LIGHTNESS

---

The Polisport Light Pro combines a lightweight and durable construction to keep your head fresh even during intense rides. The Light Pro also offers a comfortable slim DIAL Retention System. Fully vented with aero design to improve air circulation and aerodynamic performance.

The interior of the helmet has small thermo-welded pads smartly placed to increase comfort and increase perspiration management. Chin pad improves the adjustability of the straps and provides a sleek look without loose straps.

Light Pro features also an ear strap divider that can be easily locked at the best spot for extra comfort. The helmet is supplied with an extra pad set.

# COLORADO

SLIM AND EFFICIENT DESIGN FOR YOUR TRAIL  
OR TREKKING BIKE

Colorado SET is compatible with bikes with disc brakes or V-Brake, and suspension forks or rigid bikes. The rear mudguard is compatible with a rigid frame with disc brakes or v-brake. Not only the sturdy impact resistance material but also its universal fitting will provide you with the protection you need for your trekking or MTB trails.

# R COLLECTION

THE LIGHTEST AND HIGH-PERFORMANCE COMPETITION CHOICE

---

Weighing only 53g (550ml), the R collection competes in the worldwide high-performance cycling bottles category. Used by continental teams, its industry-leading low weight is enhanced by a thickness plastic wall ensuring an excellent squeeze to control the liquid flow while offering a super-tight grip. The tip is soft-touch and provides you with a unique experience allowing you to control the perfect amount of liquid with no effort at all to open or close.
