## BILBY JUNIOR+ BUBBLY MINI EVO

Ø22-30mm

Ø30-40mm

1" 1/8 STEMS

**3 DIFFERENT ADAPTER SETS**  
for a perfect fitting

### New mounting system

Suitable for standard bikes, E-bikes, MTB, and E-MTB. The new mounting system features 3 different sets of adapters with different sizes and shapes to assure a perfect fitting in a wider range of bicycles. A head adapter for 1"1/8 and an additional anti-theft screw are also included.

## E-CARGO BOX

### To help you move we present the new E-cargo Box.

No-nonsense, well-thought-out, streamlined design that looks great on your E-bike. With universal fittings that allow you to easily fix it, its big capacity (30L) and its lockable system for you to securely transport your heavy or fragile cargo around the city.

## CITY-MOVE NEW BABY AND KIDS' GRAPHICS

### From your morning commute to rolling with friends for a coffee

The compact shape of City-Move offers an attractive style while providing extended coverage for your daily commuting.

### Being safe looking good

These new graphics will make your little ones look damn good while safely enjoying their commuting adventures.

## MOVE – R1000 MOVE KIDS

### The new lifestyle water bottle with a special protective cap, ideal for everyday use

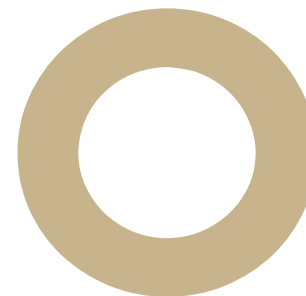

Distinguished by its urban style, perfect for both cycling and everyday use, you can carry your Move Bottle around the city or use it in the office or in the gym.

### Give your little one's the tools they need to grow up independent!

With an ergonomic design for little baby hands a soft touch and an easy-to-use tip this 450ml kid bottle is a versatile option for your kid.

## CHILD SEATS

**Polisport safety seats are recognized with the European Quality Trade Mark label**

EQTM recognition was issued by the European Organization for Quality, which is one of the most reputable quality organizations in Europe.

The process of obtaining EQTM was professionally managed and controlled by an EQTM Committee, and enhanced the quality standards behind Polisport child seats.

EQTM could be obtained only for products of European origin, in the market over 3 years, and manufactured by companies that are able to continually sustain the agreed quality.

## FF FRAME MOUNTING SYSTEM

**Developed to be safe, simple, reliable, efficient, and easy to use.** The double rabbet and click system have a very smooth action when mounting the child seat, sliding easily into the slots and requiring no further pressure than the weight of the seat. It only takes a light push of the holder safety button to release the child seat, making it really **easy to remove and store**. No need to remove the holder for uncoupling the seat. This mounting system allows moving the seat backward and forward in 3 positions, according to the bicycle and child size. Tools included.

### STANDARD FRAME HOLDER

Approved for  
BILBY MAXI, BILBY JUNIOR, KOOLAH  
and JOY models

Fits frames from 28 to 40 mm with round or oval tubes.

Frame length required - 80 mm.

Inside the holder, a rubber pad protects the bicycle from getting damaged and allows the mounting system to adapt to frames of different sizes.

The rear metallic part of the holder has an opening to allow the gear cables to fit in without being pinched.

### QUICK-RELEASE FRAME HOLDER

Approved for  
GUPPY MAXI+, GROOVY, BUBBLY MAXI  
PLUS and BUBBLY MINI PLUS FF models

SAFETY  
INDICATOR  
DEVICE

Fits frames from 28 to 40 mm with round or oval tubes.

Frame length required - 105 mm.

Green indicators appear when the seat is correctly assembled.  
Smoother fitting - All the screws remain built-in inside the holder.  
Designed to accommodate the gear cable - preventing it from being pinched.

Rubber pad inside to prevent the frame from getting damaged.

### FRONT HEAD TUBE HOLDER+

Approved for  
GUPPY MINI+  
BUBBLY MINI EVO  
BILBY JUNIOR +

**NEW**

Additional anti-theft screw  
for locking the seat

Accommodates the  
Windscreen Bar

Featuring 3 different sets of bushing adapters with different sizes and shapes to assure a perfect fitting in a wider range of bicycles. **The novelty comes reinforced with an included adapter for 1"1/8 stems since the new bicycles are more and more using this kind of stems.**

The holder can also be easily integrated with the windscreen and comes with an additional anti-theft screw for locking the system and therefore preventing the seat from being stolen. Suitable for standard, E-bikes, MTB, and E-MTB the new Holder+ fits round frame tubes from Ø22 to 40 mm and needs only 35 mm space available to be assembled.

**NOT COMPATIBLE** with the following frames / bicycles

**MEETS** all EN 14344 safety requirements.

Also sold as a spare part.

## RS PLUS RECLINING MOUNTING SYSTEM

PATENT

### EASY ADJUSTMENT

Recline the seat in 2 positions up to 20°, while the child is on the seat.

3 POSITIONS  
to place the seat

### SLIM DESIGN

No extra tools needed

### CHILDPROOF LOCKING SYSTEM

Extra security - only an adult can handle the system

**Recline the seat up to 20°** without having to remove your child from the seat. The system has been developed so that the adult user has full control, being able to **safely unlock, recline, and lock the seat again**. The child will not be able to handle the system, thus preventing any possible accidents, ensuring the safety of both direct and indirect users.

## CFS CARRIER MOUNTING SYSTEM

### SLIM, WIDER CARRIER PLATE

Approved for  
GUPPY MAXI+, GROOVY and  
BUBBLY MAXI PLUS models

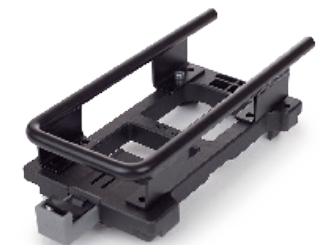

Developed to take advantage of bikes that are already equipped with a luggage carrier. The carrier is securely attached to the seat, which is extremely important as it increases stability for the rider. **It's really easy to install and release the seat - no tools are needed.** It's also easy to store, and use while commuting. For increased child and rider comfort, the seat can be moved backward and forwards along the luggage carrier length. The slim design of the carrier plate leads to improved performance. The range has been increased from 175 to 185 mm, to fit a wider range of the commuting bikes available on the market, especially E-bikes. Features a left and right mechanical system, making it easier to install and release the seat (to clamp turn to the right; to release turn to the left). Fits luggage tubes with diameters Ø10 to 16 mm.

## MIK HD MOUNTING SYSTEM

Only available for  
BUBBLY MAXI PLUS model black

**MIK**  
MOUNTING . IS . KEY

**CLICK&ENJOY**

**ADJUSTABLE IN 2 POSITIONS  
FOR AN OPTIMAL FIT  
NO TOOLS NEEDED**

Bubbly Maxi Plus incorporates the new MIK HD adapter plate. This means that this seat is 100% compatible with any carrier that incorporates MIK HD.

You can find a wide range of standard and electric bicycles in the market equipped with MIK HD. With this system you will click your seat into the carrier in just a couple of seconds, without the need of tools. With MIK HD system, you are still able to adjust the seat backwards and forwards in 2 positions according to the child and bicycle size. An Allen Key is provided for this.

Only compatible with carriers that feature MIK HD with at least 27 kg / 59.52 lb of capacity according to ISO 11243.

**NOT COMPATIBLE** with the following frames / bicycles

**COMPATIBLE** with carriers that are in compliance with the ISO 11243 standard. Meets all EN 14344 safety requirements.

BABY-SEATS

## AHEAD ADAPTERS

ALLOWS POLISPORT MINI SEATS TO BE  
INSTALLED ON BIKES WITH 1"1/8 AHEADSET  
STEMS

Making the world of child seats a little more accessible to everyone, and reaching the most compatibility possible between bicycle manufacturers and Polisport front seats, we have developed these Ahead Adapters - sturdy slim brackets that allow you to mount your Polisport seat to bikes with threadless stems. The Ahead Adapter is designed to accommodate adjustable stems, e-bikes with a monitor or controller at the top of the stem, and MTB with 1" 1/8 stems. The required installation space is only 5mm.

COMPATIBLE WITH BOTH ADAPTERS

## EXPANDER CITY

SET: FRONT + REAR MUDGUARD

The Expander Set is the ideal choice for commuting. Whether for city paths or for trekking purposes you can rely on a high-performance impact-resistant mudguard that will protect you and your bike from dirt arising from wet urban floors.

The clip-on mudguard can be attached to almost any frame tubes due to its 4 optional clipping systems.

# TRANSPORT & MOBILITY

60 POLISPORT TRAILER  
64 BALANCE BIKE

# POLISPORT TRAILER

## FOR **BIKING**

Polisport Trailer gives your family all the reasons to go out and safely cruise together. You can take one or two kids on the cockpit, plus a small cargo on the back trunk of your trailer. Just connect the trailer to your bicycle, get your kids and small cargo settled and you are ready to go. You can also use the Polisport Trailer to transport larger loads. Just fold up the seat, and take advantage of the full load cargo capacity (25kg). Polisport Trailer is the safest and greener way for you to move around.

## FOR **STROLLING**

Easily convert your Trailer into a Stroller by just adding the Stroller Kit or if you are not interested in combining strolling and biking, you can purchase only the Stroller version. The stroller features a soft-touch handlebar adjustable in 4 positions, making your tour even pleasant.

### STROLLING OR BIKING **WITH KIDS OR CARGO**

You can easily convert your Trailer or Stroller to transport cargo just by folding the seat down.

**CARGO:** Maximum load capacity 25kg.

**KIDS + CARGO:** Maximum load capacity 41 kg.

### **BACK TRUNK WITH PLENTY OF CARGO SPACE**

## FOLDABLE DESIGN

Great for storage and transport purposes. Easily folded and unfolded without any tools.

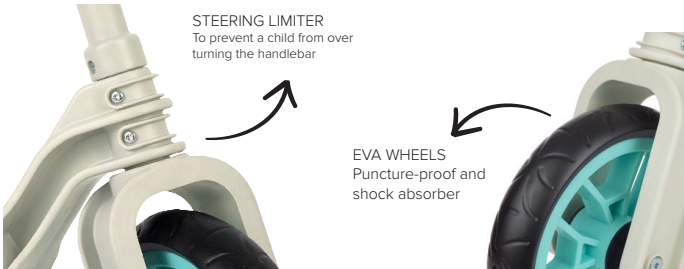

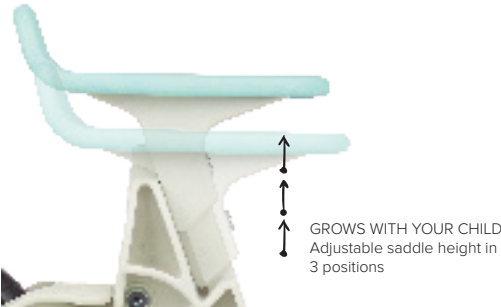

# BALANCE BIKE

EXPLORING THE WORLD IN A HEALTHY  
AND HAPPY WAY

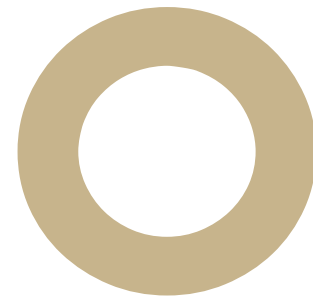

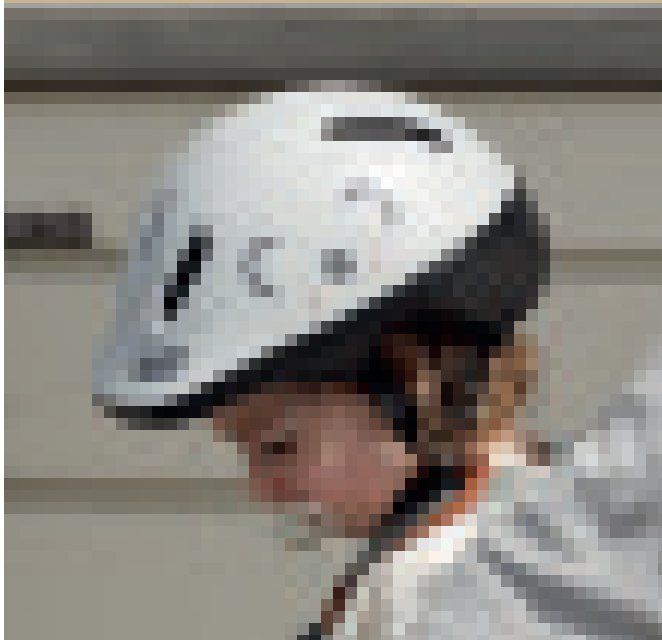

Polisport Balance Bike is a training bicycle that helps little kids learn how to steer and balance. It allows children to build the confidence they will need once they are ready for a more traditional bicycle with pedals - no training wheels required! Children are seated so that their little legs can reach the ground comfortably. A built-in steering limiter also allows children to maintain control of how much they turn. Comfortable hand rubber grips, an ergonomically designed seat, and shock absorbing wheels give little riders extra comfort. Polisport Balance Bike features an adjustable seat that grows with the child.

- This item is considered a toy.
- Not to be used on public roads.
- It must always be used under parental supervision.

## XS KIDS PREMIUM

SAFETY NEVER LOOKED SO GOOD

This in-mold helmet it's the perfect choice if you are looking for a high-end helmet for your kids. This helmet features in-mold construction and an expanded protective area to increase safety and durability. There's an adjustable dial Retention System that perfectly adapts to the head. The straps are soft and lock in a 2-point safety harness, ensuring an optimal fit. If you are looking for a solution to increase your kid's visibility on the road you can now opt for the new models with LED light. The helmet is light and vented and for that reason, it won't be a problem for your kid to use it. The bug net in the front will keep the head protected. The matte finish of the model makes it even fancier.

## CITY'GO

THE VERSATILE CITY HELMET

Polisport City'GO helmet is one of the most versatile helmets in the range.

Cyclists share the road with cars, and the first step to staying safe is to be seen, thus avoiding accidents.

We added a **rear LED light** that's quickly attached to the rear vent. With the steady flash mode, the cyclist can quickly select the preferred mode.

With one touch the rear light can be quickly removed to add more air ventilation.

With an easily adjustable dial retention system, the fitting was made easier, increasing the rider's comfort. You can also choose to use the CITY'GO with or without the visor.

## COMMUTER®

FOR THOSE WHO LOVE THE BUZZ OF CITY LIFE

The Commuter helmet is a trendy, compact and lightweight helmet for you to maneuver through the city, and to make your commuting an even better experience.

With a clean design, the urban colours will match any outfit and a wide range of city bike styles. With a woven stylish visor, a chin pad protector, thermoformed set of inner paddings (extra set included), the Commuter has 6 vents to help with the rider's perspiration, and a back-safety light device to increase rider visibility on the road.

## NEW CITY-MOVE

FROM YOUR MORNING COMMUTE TO ROLLING WITH FRIENDS FOR A COFFEE

The compact shape of City-Move offers an attractive style while providing extra comfort and an extended coverage for your daily commuting. Available in 3 urban tones. With an In-Mold shell, City-Move features an increased lateral and back protection area quite useful for city usage and features also a removable visor.

The City-Move combines a simple and casual design and contains enough air channels to ensure good ventilation. The visor will ensure adequate sun shade during commuting. With an easy-to-adjust retention system, adjustable straps also include thermoformed inner pads that will help in the absorption of perspiration.

## URBAN PRO

MULTI-PURPOSE SKATE-STYLE HELMET SUITABLE FOR BICYCLE, BMX, SKATE OR INLINE

The Urban Pro is an urban cycling helmet that not only does it look cool as a hard shell helmet, but it is particularly suitable for any riding style.

Made with low weight and multi-purpose use in mind, this model is suitable for commuting or to use in an extreme riding style – for a BMX rider to a longboard fan.

Its matte black neutral colour will totally fit the urban city style, match your daily outfit, and your adventures in the radical park.

Due to the injected construction process Urban Pro features a proofed extra durability when compared to a standard helmet.

Its low-profile shape is distinct yet minimal and assures maximum protection for the user.

Its adjustable retention system ensures the greatest possible comfort. Urban Pro also features a hear lock divisor, a soft touch strap, and closure that won't pinch the skin of your chin.

## CORK BIO

THE NEW THERMAL BOTTLE MADE FROM CORK

Cork Bio thermal bottle is made from cork, a raw material that is 100% natural, ecological, biodegradable, and renewable. The result is a reduced CO<sub>2</sub> footprint, increased lightness, optimal thermal properties, and great grip performance. In the interior there's foam with an aluminium membrane to prevent the temperature of the water changing during a period of time. There's a soft tip so you can control the water flow and also a hygienic tip cover.

## SUGAR CANE

THE NEW SPORT BOTTLE MADE FROM SUGARCANE

Sugar Cane bottle is made from sugarcane, a raw material that is 100% renewable and recyclable. This model is available in two different capacities – 550ml and 750ml. As a renewable raw material, sugarcane captures and fixes CO<sub>2</sub> from the atmosphere at each annual growth cycle. Besides these ecological features, this bottle offers an excellent squeeze performance and a new improved tip design for a better water flow.

# POLISPORT **COMMITMENT**

*#environmentally*responsible

The world faces enormous changes each minute we breathe. Global emissions are reaching record levels and show no sign of slowing down.

**It's time to move on to make a greener world.**

# WE CARE

WE ARE DEVELOPING **GREENER PRODUCTS AND GREENER WAYS** TO HAVE THEM DELIVERED TO YOU.

We are focusing on sustainable processes and materials that will increase our efficiency and reduce our ecological footprint, without compromising the safety, comfort, and effectiveness of our products.

**Be part of this sustainable movement.**

**REDUCE,  
RECYCLE,  
REUSE.**

## SUSTAINABLE RAW MATERIALS

We also wanted to find a solution to manage our internal waste, so we achieved to optimize our processes to increase the quantity of recycled material used. No impact on the product, but a great impact on the environment.

Besides that, we are also studying how we can develop products where the principal raw material is biobased – sugar cane and cork are just the first ones of this major sustainable commitment.

## OUR SUSTAINABLE COMMITMENT

### REDUCING OUR PRODUCTION IMPACT IN THE ENVIRONMENT

This goal is extended not only to the mission of delivering greener products to the market, but also to the way they are produced.

- We've installed an advanced cooling system that pulls in outside ambient air and uses it to cool the working areas, providing a significant energy reduction.
- We have changed the lighting system of our units for high-efficient LED light bulbs.
- We have now a roof-based renewable energy system that includes 1500 solar panels.

**We have a full path to go, but our goal is quite clear because there is no planet B.**

We are using more and more sustainable sourced and certified paper and cartons by the Forest Stewardship Council® (FSC). This means that our carton boxes will be convenient from sustainable forests and are 100% recyclable & reusable.

We are replacing our disposal plastic bags with other alternatives made from natural materials.

We are also reducing our single-use plastics, tape and other disposable materials.

**We Care.**
